Dear Wei-Wen Wu,

Thank you for your submission to the 2026 URSI General Assembly and Scientific Symposium (URSI GASS 2026)!

We are pleased to inform you that your submission entitled '[A Data-Free Patch Antenna Generation Framework via Two-Stage Gradient Exploration and BiScaleNorm](#)' with abstract [ID#1679](#) and submitted in session '[B10: Machine learning and optimization techniques in electromagnetics: new trends and novel applications](#) (Sembiam Rengarajan, Christos Christodoulou, Ahmad Hoorfar)' has been accepted. Congratulations!

We look forward to welcoming you in Krakow, and be part of the rich scientific program being prepared.

The scientific program will be prepared in the coming weeks. It will be posted on the GASS 2026 website and emailed to you, as soon as a preliminary version is available.

At this stage, we cannot indicate the format of your presentation (oral or poster), nor the date or time of your presentation. The Commissions are working hard to build the best conference schedule for the participants. For more information, please check the URSI GASS web site <https://www.ursi-gass2026.pl/> occasionally.

In the meantime, we wish you the best in your professional and personal activities and we look forward to meeting you in August in Krakow!

With best regards,

John Volakis and Andrzej Krankowski
Technical Program Chairs GASS 2026

Peter Van Daele
Secretary General of URSI
